GLOBE

Definition and objectives

Global Link for Online Biomedical Expertise

Bilingual portal (English and French)

Target and beneficiaries

healthcare professionals and scientists especially those who are beneficiaries of the activities implemented by the Foundation and its partners

GLOBE

Definition and objectifs

Why ?

GLOBE is dedicated to the improvement and the strengthening of capacities of healthcare professionals using new Information and Communication Technologies;

- Inform the users of **specific, local and regional information**
- Making available **pertinent documentation** linked to the domain of activities covered by Fondation Mérieux
- Support **continuous training** of healthcare professionals
- Contribute to set up **networks of experts** aiming to ensure professional exchange and training opportunities within a private area

GLOBE

Indicators 2009 – 2014

Content available

- 🌐 350 resources
- 🌐 13 e-learning modules
- 🌐 120 Fact sheets and SOPs
- 🌐 60 conferences
- 🌐 1 e-learning active platform

Why a network ?

How to access to the ADVAC Network

GLOBE Homepage : www.globe-network.org

The screenshot shows the GLOBE homepage with the following sections:

- Navigation:** About GLOBE, Biology Laboratories, Sciences and Activities, Epidemiology and Disease Surveillance, Prevention and Vaccines.
- Search:** Search bar with a magnifying glass icon.
- Highlight:** Latest News: BAMS Alumni Network will be launched in September 2012.
- News and Events:** Latest News/Events: BAMS Alumni Network will be launched in September 2012.
- Resources:** Latest Resource: HINARI access to research in health programmes.
- E-learning:** Latest Module / Fact Sheet: Diagnosing Infections with HIV module.

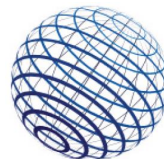

Associated Networks (9)

ADVAC Network

Dear ADVACer,
Welcome to the ADVAC Alumni Network.
As an alumni you have the opportunity to participate in this active network and develop useful initiatives in the field of vaccinology.
Our network maintains a linkage with other vaccinology courses that have been set up by previous ADVACers.
Please share, enjoy and tell us more about you & activities.
Fondation Mérieux and University of Geneva.

Restricted area to Alumni and Faculty

The screenshot shows the top navigation bar with 'Network Login' and 'Not a member? Join' links, and a search bar. The main header features a globe icon and the text 'ADVAC Network Advanced Course of Vaccinology'. A left sidebar menu is open, showing 'ADVAC Network' as the active section with sub-items: 'Network objectives', 'ADVAC at a glance', 'News and events', 'Partners', and 'Contact'. Below this, 'My ADVAC Network' is highlighted. The main content area is titled 'My ADVAC Network' and contains instructions for members to 'Login' and for new members to follow a procedure to join the GLOBE Network.

My ADVAC Network

Created in 2008 by Fondation Mérieux, ADVAC is an international non-profit network dedicated to research and training in the field of laboratory-based surveillance of infectious diseases.

ADVAC has the objective to enhance health research capacity in developing countries by implementing research projects, particularly in the fields of Lower Respiratory Tract Infections and Tuberculosis drug resistance. Laboratories from developed and developing countries work jointly on infectious diseases research projects with significant impact on public health.

ADVAC Private area

Resources

- **E-Library**

- A selection of resources made available only for the ADVACers (example History of vaccine)

- **Conferences**

- ADVAC presentations (yearly updated)
- ADVAC podcasts (a selection of few lectures made available)

The image is a screenshot of the ADVAC 2014 podcast webpage. The page has a light grey background with a dark grey sidebar on the left. The sidebar contains navigation links: 'ADVAC 2014 podcast', 'Resources', 'Conferences', and 'Forum'. The main content area is titled 'ADVAC 2014 podcast' and includes the following information: 'Organizers: Fondazione Merz and University of Geneva', 'Series: Lectures - Agency (private)', 'Date: 17-21 May 2014', and 'Language: English'. Below this, there are tabs for 'Background', 'Programme', and 'Podcasts'. The 'Podcasts' tab is selected, showing a list of podcast episodes. The first episode is 'Use and limitations of correlates of immunity in vaccinology' by Andrew Pollard, University of Oxford, UK. Below this, there is a 'Special lecture: Vaccine-induced immunological memory' by Neil Storch, Emory University. The page also lists 'Lessons from previous adverse effects of vaccination and Assessment of causal relationships' by Neal Halsey, Johns Hopkins B. School of Public Health, Baltimore (USA), and 'The Plotkin Lecture: What can we expect from Systems Biology in the field of vaccines?' by Alan Adelman, Hresheiser, Seattle Biomedical Research Institute. The final episode listed is 'Vaccination in immune-compromised individuals, including HIV positive patients' by Clivio Anzi, SIBIST, University of Geneva (Switzerland).

How to register

Go to <http://advac.globe-network.org/en>

A screenshot of the GLOBE Network registration page. The page has a header with "Network Login" and "Not a member? Join" on the left, and a search bar on the right. A "Globe Network" menu is open on the left, showing options: "Log in", "Create new account" (highlighted), and "Request new password". The main content area is titled "Join the GLOBE Network" and contains the following fields and options:

- Username (Required)**: A text input field.
- E-mail address (Required)**: A text input field. Below it, a note states: "A valid e-mail address. All e-mails from the system will be sent to this address. The e-mail address is not made public and will only be used if you wish to receive a new password or wish to receive certain news or notifications by e-mail."
- Validation (Required)**: Three radio buttons: "Refusé", "Accepté", and "En attente" (which is selected).
- CAPTCHA**: A section with the text "This question is for testing whether or not you are a human visitor and to prevent automated spam submissions." Below this is a CAPTCHA image showing a network diagram with a code "5" and other characters. Below the image is a "Generate a new captcha" link and a text input field for "What code is in the image? (Required)".
